## Education

- 2014 | Ph.D in Mathematics, University of Leeds, United Kingdom.  
Thesis: *Degrees of members of  $\Pi_1^0$  classes.*  
Advisor: S. Barry Cooper, Andrew E. M. Lewis.
- 2009 | M.Sc. in Computer Engineering, Atılım University, Ankara, Turkey.  
Thesis: *State Change Languages: Algebraic and Language Class Properties.*  
Advisor: Hürevren Kılıç.
- 2007 | B.Sc. in Computer Engineering, Atılım University, Ankara, Turkey.  
Thesis: *Collective Behavior Intelligence and Optimization.*  
Advisor: Nergiz Ercil Çağiltay.

## Interest Areas

mathematical logic, philosophy of mathematics, computability, theoretical computer science (quantum computing, formal language theory).

## Academic Experience

- Research visit July - Sep 2019  
**UCLA, Department of Mathematics, Los Angeles, CA, USA**
- Asst. Prof. January 2018 - Present  
**Gendarmerie and Coast Guard Academy, Ankara, Turkey**
- Adjunct Professor ; Spring 2019, Spring 2020  
**Middle East Technical University, Department of Computer Engineering, Turkey**
- Adjunct Professor Fall 2019  
**Middle East Technical University, Department of Mathematics, Ankara, Turkey**
- Adjunct Professor Spring 2015 to Fall 2019  
**Middle East Technical University, Department of Philosophy, Turkey**
- Postdoctoral research 2015 - 2016  
**UC Berkeley, Department of Mathematics, Berkeley, CA, USA**
- Research and Teaching Assistant 2007 - 2010  
**Atılım University, Department of Computer Engineering, Turkey**

## Teaching

**Middle East Technical University, Department of Mathematics**

### Lecturer

Teaching duties included preparing the syllabus and some lecture notes; lecturing, assigning and grading homework; writing and grading exams; and holding weekly office hours.

- *Courses:* Introduction to Mathematical Logic and Model Theory

## Middle East Technical University, Department of Computer Engineering

### Lecturer

Teaching duties included preparing the syllabus and lecture notes; lecturing, assigning and grading homework; writing and grading exams; and holding weekly office hours.

- *Courses:* Quantum Computing

## Middle East Technical University, Department of Philosophy

### Lecturer

Teaching duties included preparing the syllabus and lecture notes; lecturing, assigning and grading homework; writing and grading exams; and holding weekly office hours.

- *Courses:* Philosophy of Logic and Mathematics

Axiomatic Set Theory

## Atilm University, Department of Computer Engineering

### Teaching and Research Assistant

Teaching duties included holding weekly tutorials, writing and grading worksheets; holding office hours.

- *Courses:* Artificial Intelligence

Formal Language Theory

Algorithms

Computer Programming in C

Digital Logic

Computer Architecture

## Scholarships and Awards

- 2015 Merit award for the 2015 International Conference of Computer Science and Applications (ICCSA 2015), Berkeley, USA. Paper title: *An Infinite Proper Subset of Regular Languages as a State Change Based Coupling of Finite Automata*.
- 2015 Postdoctoral research scholarship, The Scientific and Technological Council of Turkey (TÜBİTAK).

## Referred Journals

- 2018 Annals of Pure and Applied Logic, Elsevier
- 2016 Turkish Journal of Mathematics, Scientific and Technological Council of Turkey (TÜBİTAK).

## Conference Presentations

- October 2016 *Mini-Workshop in Logic and its Applications*, Boğaziçi University, Istanbul, Turkey.
- Feb 2016 *ASL Southeastern Logic Symposium 2016*, University of Florida, Gainesville, FL, USA.
- Jun 2015 *5th World Congress and School on Universal Logic*, University of Istanbul, Turkey. (Invited keynote speaker)
- Sep 2015 *British Logic Colloquium*, Cambridge University, Cambridge, UK.
- July 2015 *Computability in Europe 2015*, Bucharest, Romania, June 29-July 3 2015.

## Presented Lecture Series

The lectures given below have been taught in the award-winning Nesin Mathematics Village of Turkey also as a community service.

8-14 Sep 2014	<i>A short introduction to recursion theory and <math>\Pi_1^0</math> classes</i> , Nesin Mathematics Village, Turkey.
31 Jul-7 Aug 2017	<i>Unsolvability</i> , Nesin Mathematics Village, Turkey.
5-12 August 2018	<i>Introduction to Quantum Computing</i> , Nesin Mathematics Village, Turkey.
13-19 August 2018	<i>Philosophy of Mathematics</i> , Nesin Mathematics Village, Turkey.
17-23 June 2019	<i>Propositional and Predicate Logic</i> , Nesin Mathematics Village, Turkey.

## Invited Talks

- 2009 Atılım University, Dept. of computer engineering: Crisis in the foundation of mathematics.
- Oct 2009 Atılım University, Dept. of computer engineering: An infinite proper subset of regular languages and abstract power consumption.
- Dec 2009 Atılım University, Dept. of mathematics: Undecidable statements on a functional property of universal models of computation.
- Feb 2011 University of Leeds, School of Mathematics: Consistency strength and higher axioms of ZFC.
- Mar 2011 University of Leeds, School of Mathematics: Degrees of the members of  $\Pi_1^0$  classes.
- Mar 2011 Ankara University, Department of Mathematics: Introduction to recursion theory and  $\Pi_1^0$  classes.
- Oct 2011 University of Leeds, School of Mathematics: Formal languages.
- Dec 2011 Atılım University, Department of Mathematics: Degrees of Undecidability.
- Dec 2011 Ankara University, Department of Mathematics: Tutarlılık gücü ve ZFC'nin yüksek belitleri.
- Dec 2011 Middle East Technical University, Department of Mathematics: Degrees of Unsolvability.
- Mar 2012 University of Leeds, School of Mathematics: Infinite time Turing machines.
- May 2012 University of Leeds, School of Mathematics: Computational length of infinite time Turing machines.
- Nov 2012 University of Leeds, School of Mathematics: Antibasis theorems for  $\Pi_1^0$  classes.
- Apr 2013 Atılım University, Department of Computer Engineering: A concise introduction to recursion theory.
- Apr 2013 Ankara University, Department of Mathematics: Antibasis theorems for  $\Pi_1^0$  classes.
- Jan 2014 University of Leeds, School of Mathematics: Degree theoretic properties in effectively closed sets.
- Oct 2014 Ankara University, Department of Mathematics: Current trends in theory of unsolvability.
- Oct 2014 Middle East Technical University, Department of Mathematics: Study of unsolvability.
- Nov 2014 Atılım University, Department of Mathematics: Philosophical analysis of the formalization of mathematics.
- Nov 2014 Middle East Technical University, Department of Philosophy: On the formalization of mathematics.
- Mar 2015 Hacettepe University, Department of Mathematics: Algorithmic Unsolvability.
- Feb 2016 University of California at Berkeley, Department of Mathematics: Degree theoretic properties of  $\Pi_1^0$  classes.
- Mar 2017 Gazi University, Department of Mathematics: What is the Axiom of Choice?
- Mar 2017 Boğaziçi University, Department of Philosophy: On the naturality, or otherwise, of the Axiom of Choice.
- Mar 2017 Mimar Sinan Fine Arts University, Department of Mathematics: Effectively closed sets in recursion theory.
- Apr 2017 Abant İzzet Baysal University, Department of Mathematics: Understanding the Axiom of Choice.
- May 2017 Middle East Technical University, Department of Mathematics: What is computability?
- Nov 2017 Middle East Technical University, Department of Mathematics: Determining the axioms: The Choice Axiom example.
- May 2018 Atılım University, Department of Computer Engineering: Why strong A.I. is not likely to be achieved.
- July 2018 Middle East Technical University, Department of Computer Engineering: Quantum Computing - An Introduction for Computer Scientists.
- August 2018 Nesin Mathematics Village, What is Philosophy of Mathematics?
- November 2018 Hacettepe University, What is Modern Mathematics?
- Feb 2019 Doğuş University, Department of Computer Engineering, How Quantum Algorithms Work.
